BOTTOMLESS BRUNCH

RULES

**WE WANT EVERYBODY TO HAVE A GREAT TIME!! SO
HERE'S HOW IT ALL WORKS... PLEASE READ!!**

**A table counts as a 4 people (the size of our tables).
In order for us to comply with licensing law (and not get closed down
and all lose our jobs), You can only have a Maximum of 2 Bottles on
your table at any one time. This means 2 Bottles of Wine, 2 Bottles of
Prosecco or 1 of each! Same applies for Jugs & Buckets, that means
only 2 Jugs, 2 Buckets or 1 of Each at any one time.**

**When you finish a bottle, please place it upside down in the bucket
and one of our team will take it as a sign to take an order! Don't place
jugs upside down, you'll get wet...**

**Don't be greedy! We can only serve you more drinks when, at least, 1
of your 2 bottles/jugs/buckets on the table is finished and removed.
Karen can't handle that many drinks all at once!**

**Our cocktail jugs and sangrias are ALWAYS made from scratch and
given the same love and attention as our cocktails, we don't change
the products to cheaper ones, we don't batch make them in advance
and we don't change the recipes! It may take a little while longer to
get some jugs out when busy, please be patient and you'll get some
instagram friendly jugs when ready!**

**If we place water on the table it's probably because one of you is a
little bit tiddy, don't be offended, we're just nice like that!
Food MUST be ordered for every person on the table. Staff reserve the
right to refuse service / remove drinks from overly-intoxicated tables.**

**Most importantly, don't be a Dick! Everyone is here for a good time
and it's literally the afternoon! We will not tolerate abuse or rude
behaviour towards our staff, DJ's or security staff. And no, we won't
play ABBA on a hip-hop or pop punk brunch, check the theme!!!**
